

Significant features for level k1 versus other

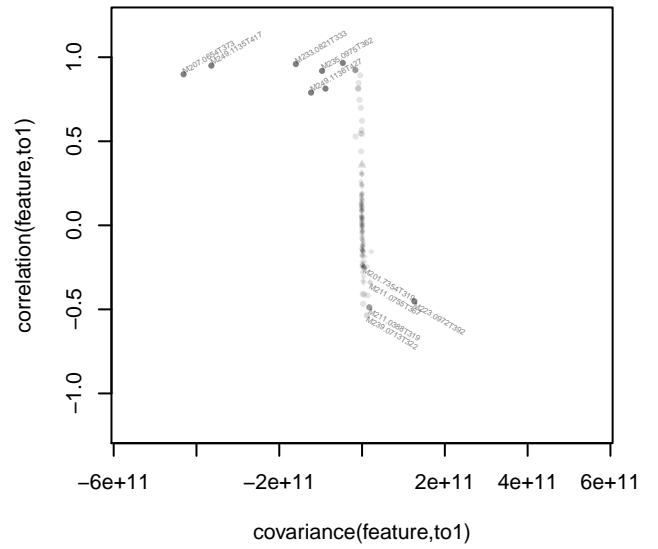

Scores (OPLS-DA)

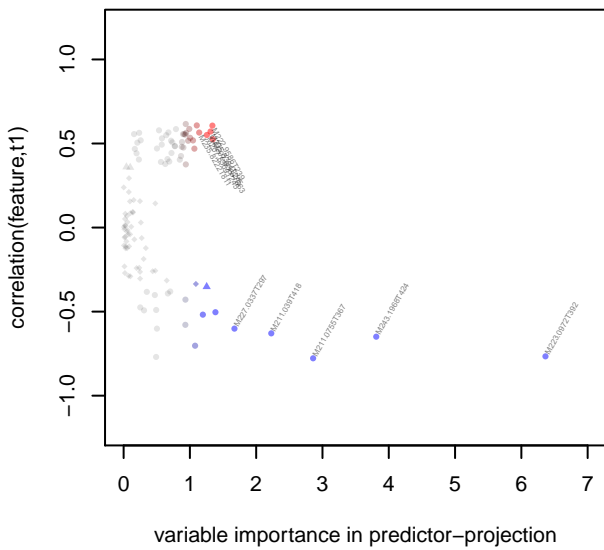

Model overview

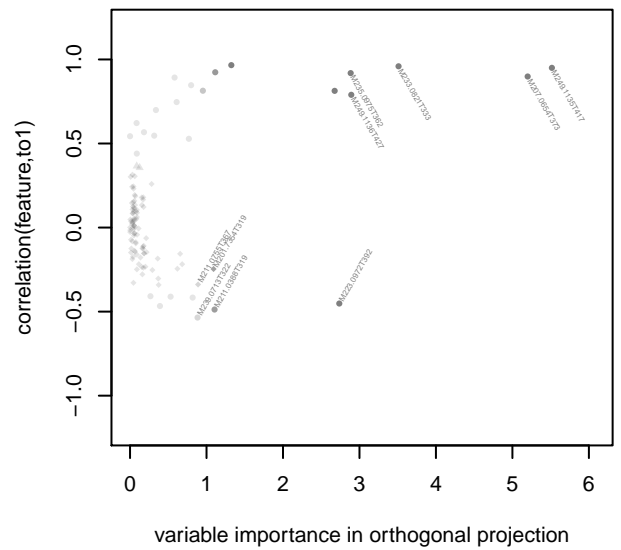

Features influencing orthogonal projection for k1 versus other

Significant features for level k1 versus other

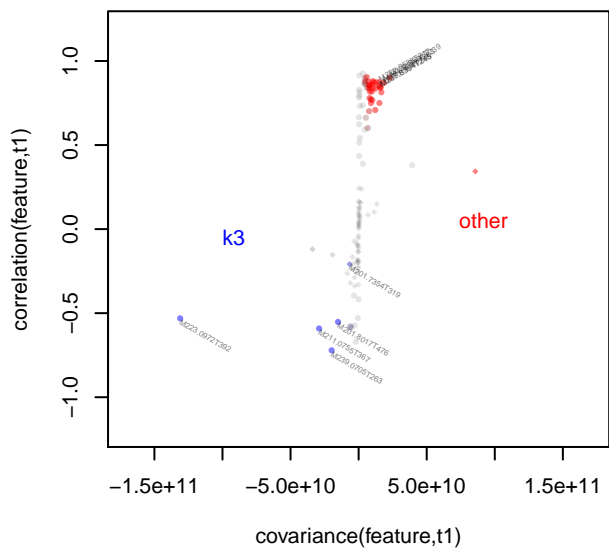

Features influencing orthogonal projection for k1 versus other

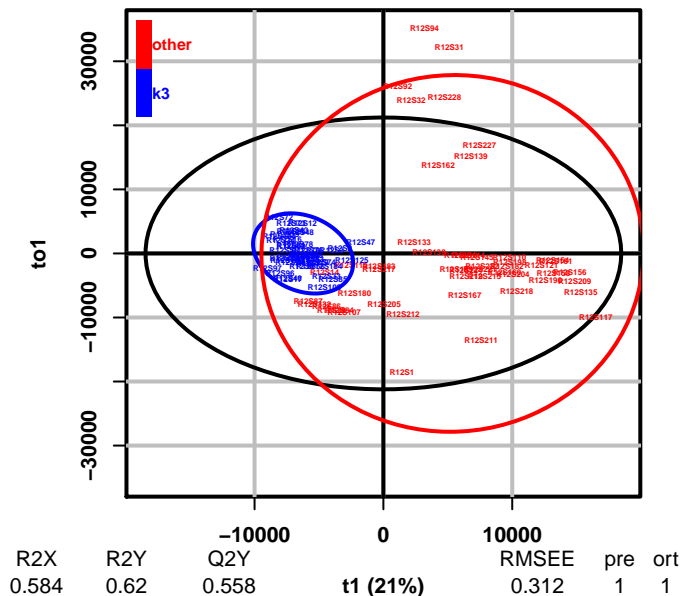

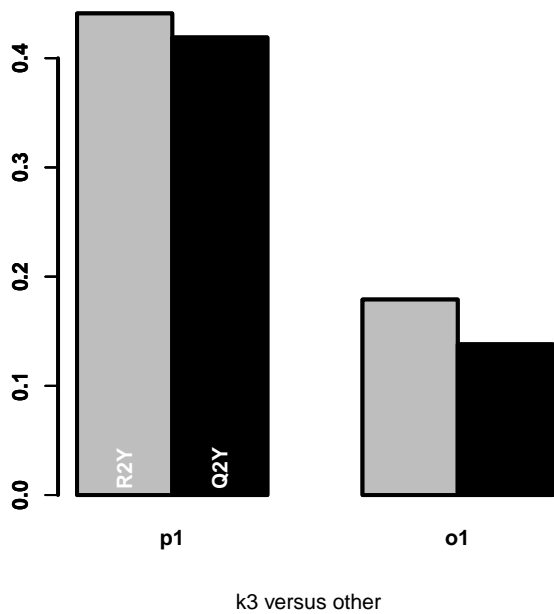

Significant features for level k3 versus other

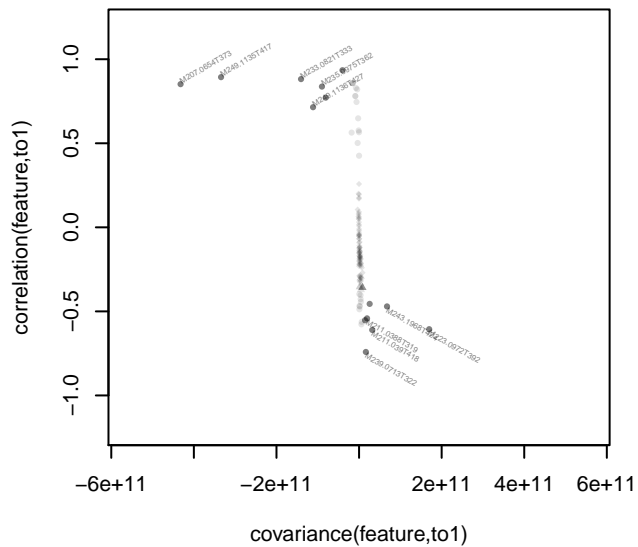

Scores (OPLS-DA)

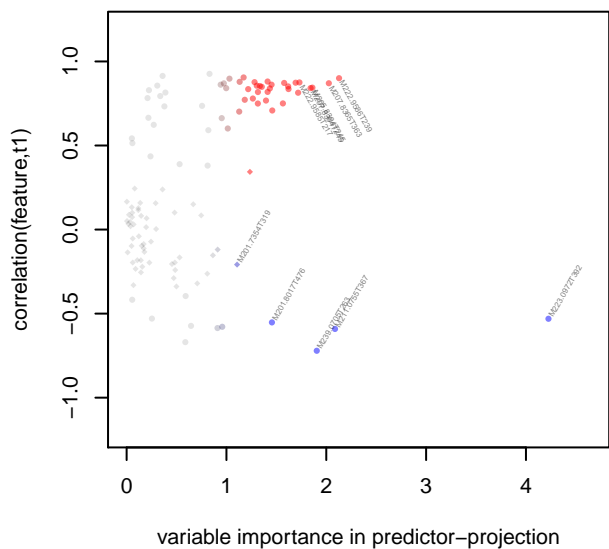

Model overview

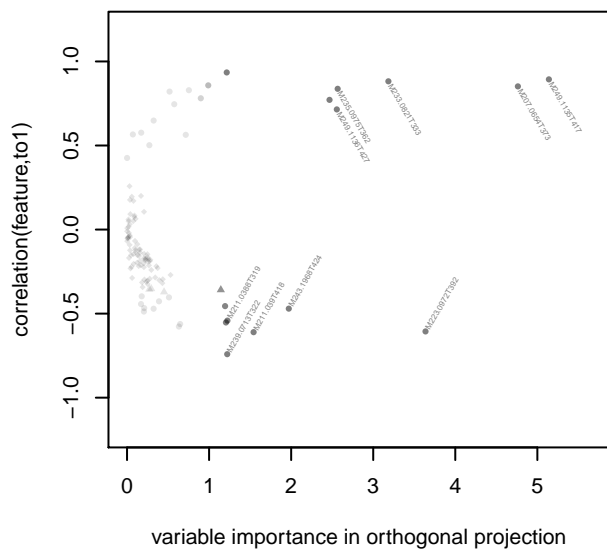

Features influencing orthogonal projection for k3 versus other

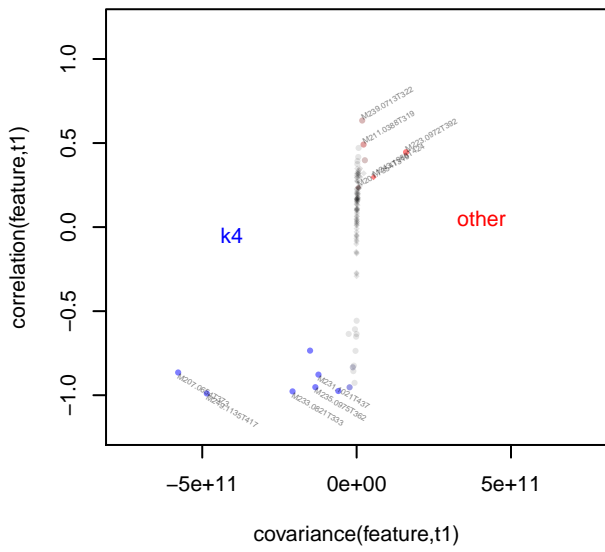

Significant features for level k3 versus other

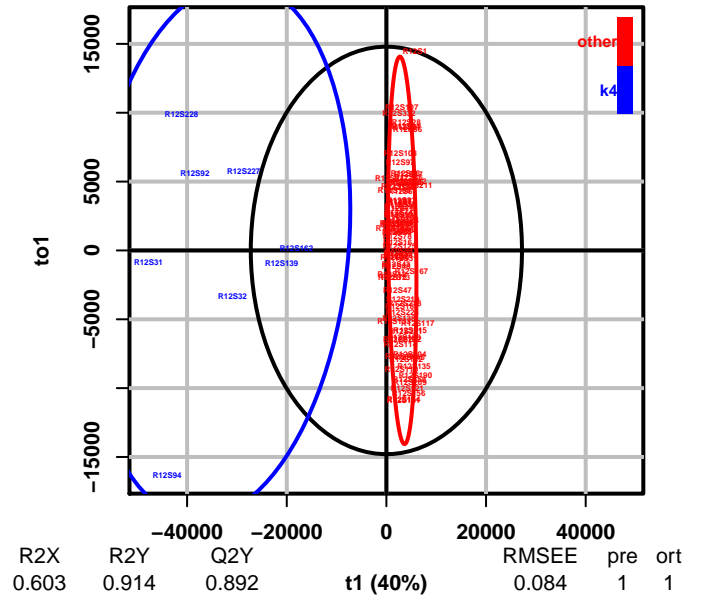

Features influencing orthogonal projection for k3 versus other

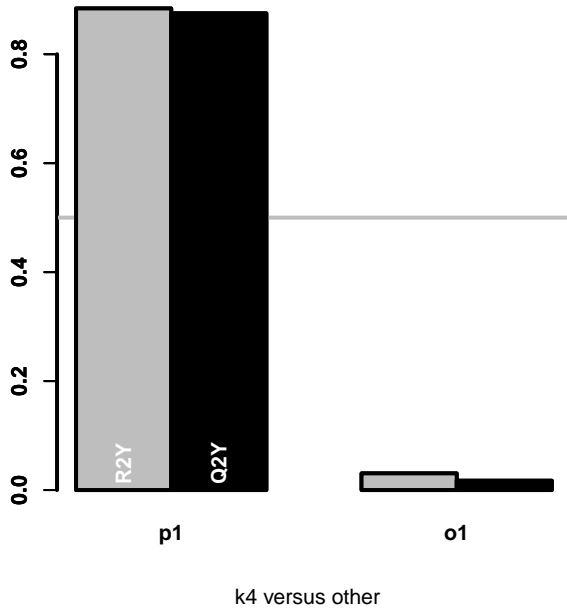

Significant features for level k4 versus other

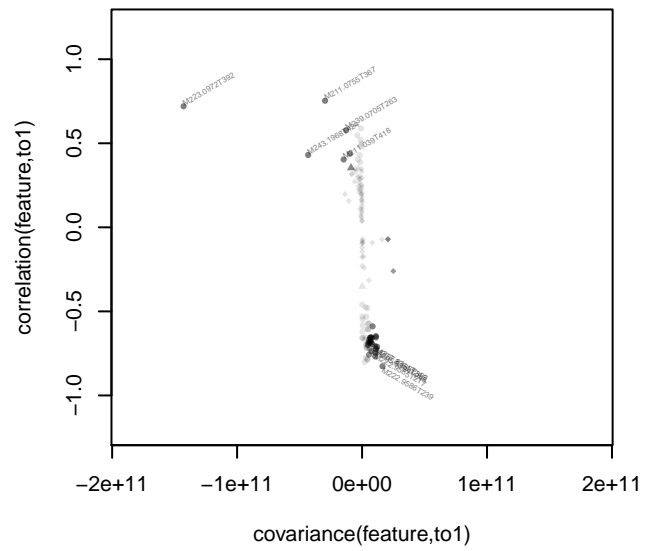

Scores (OPLS-DA)

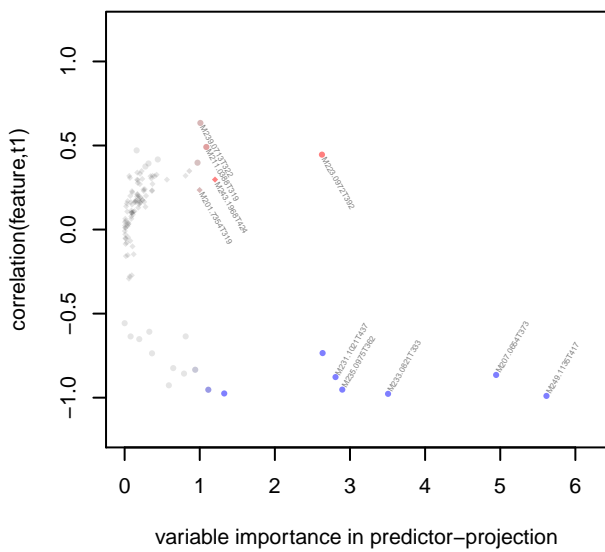

Model overview

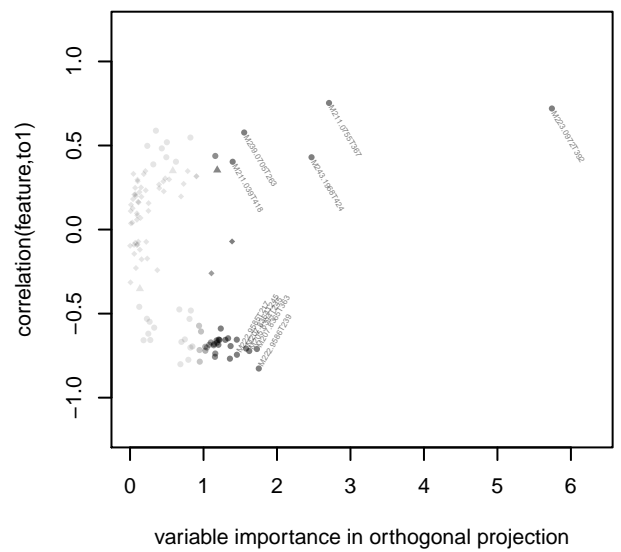

Features influencing orthogonal projection for k4 versus other

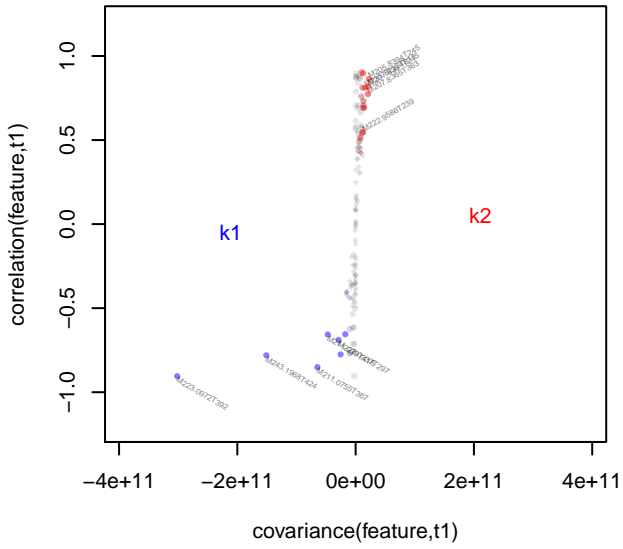

Significant features for level k4 versus other

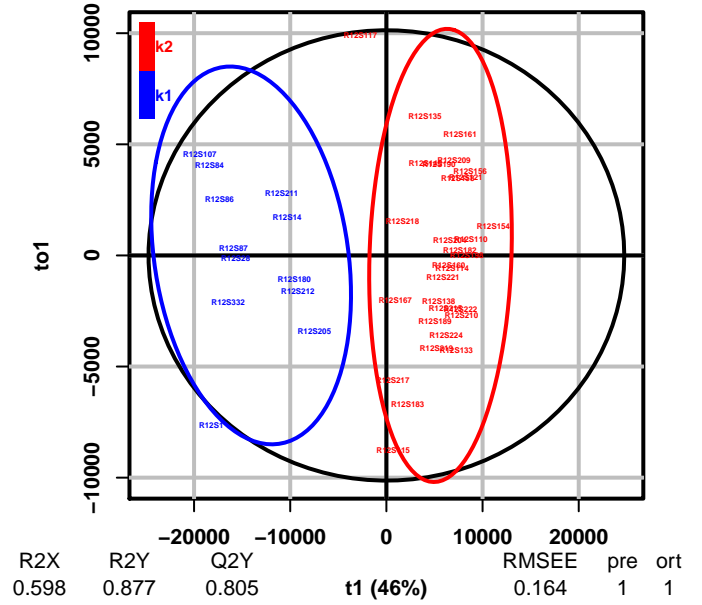

Features influencing orthogonal projection for k4 versus other

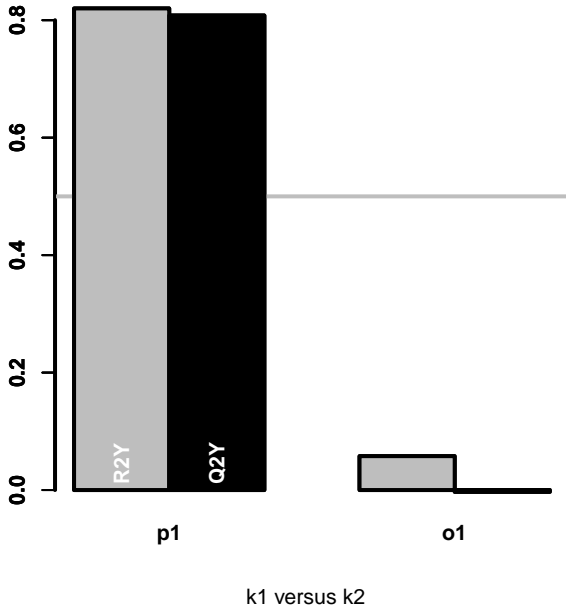

Significant features for level k1 versus k2

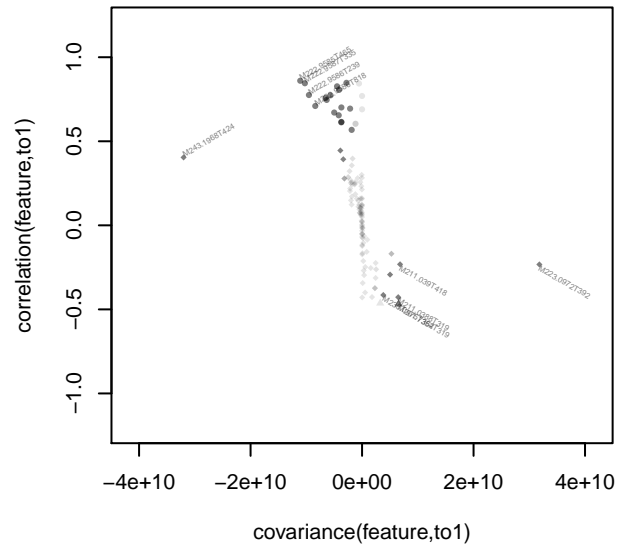

Scores (OPLS-DA)

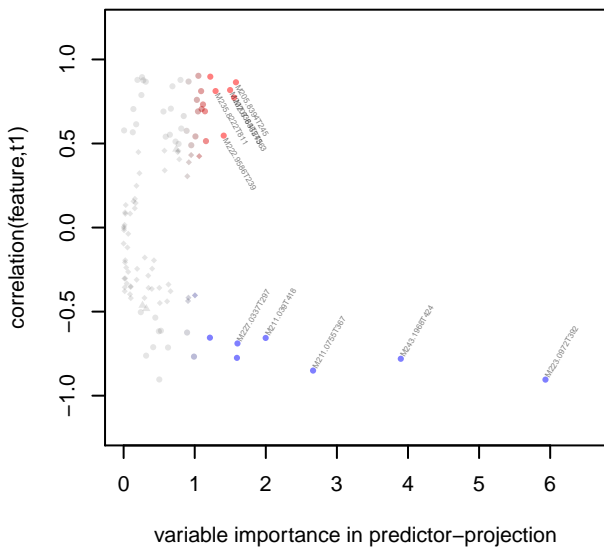

Model overview

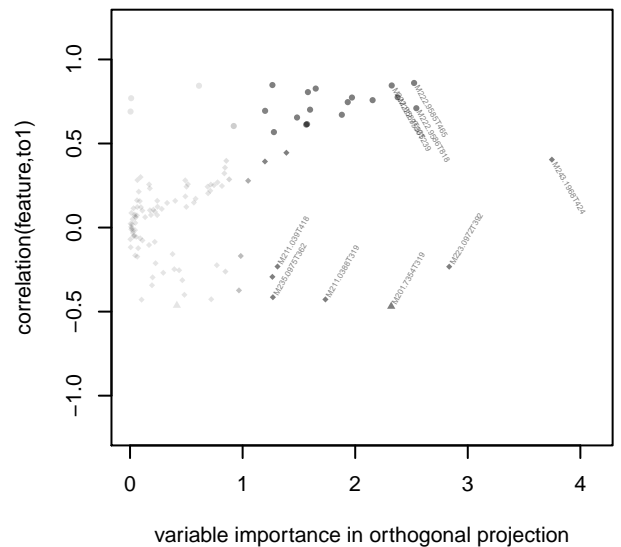

Features influencing orthogonal projection for k1 versus k2

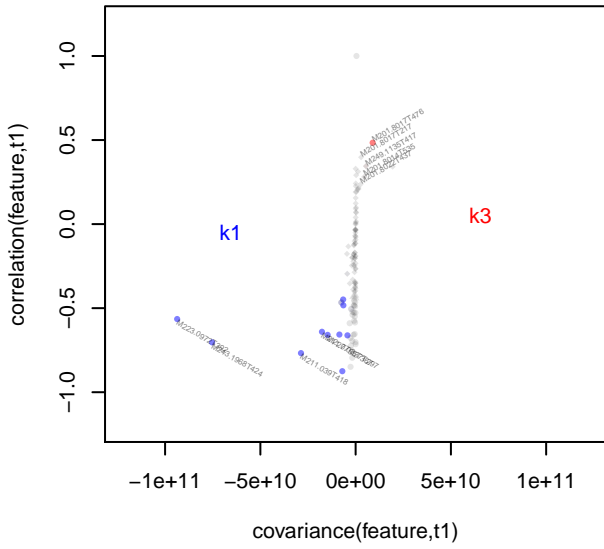

Significant features for level k1 versus k2

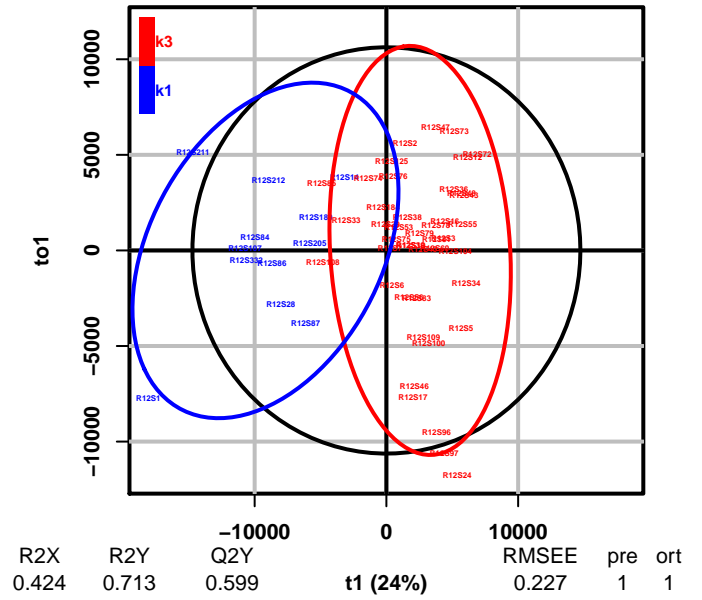

Features influencing orthogonal projection for k1 versus k2

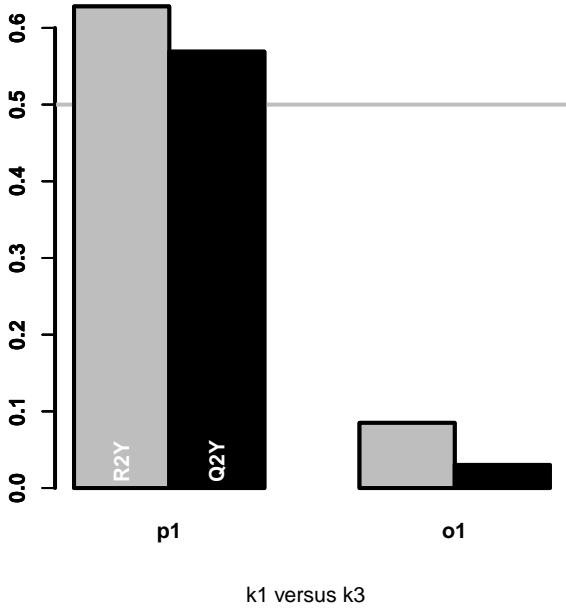

Significant features for level k1 versus k3

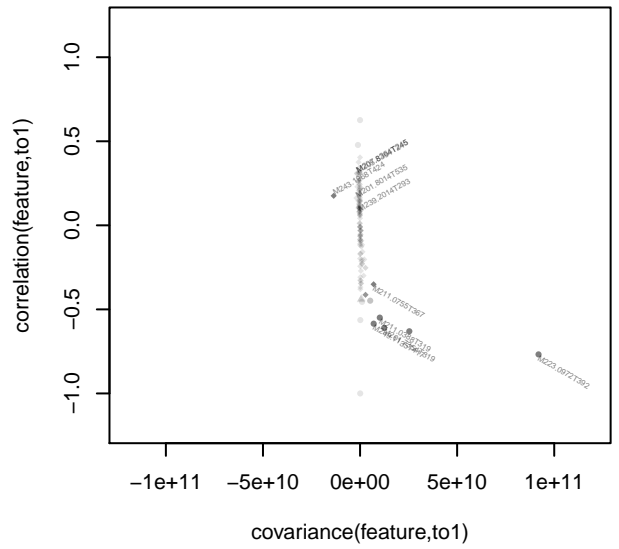

Scores (OPLS-DA)

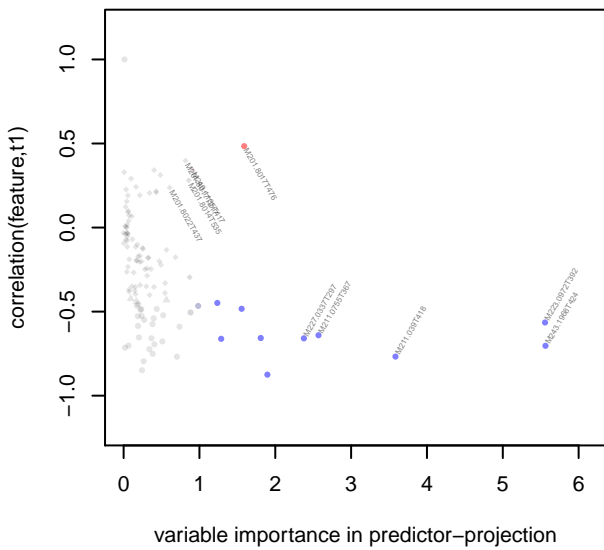

Model overview

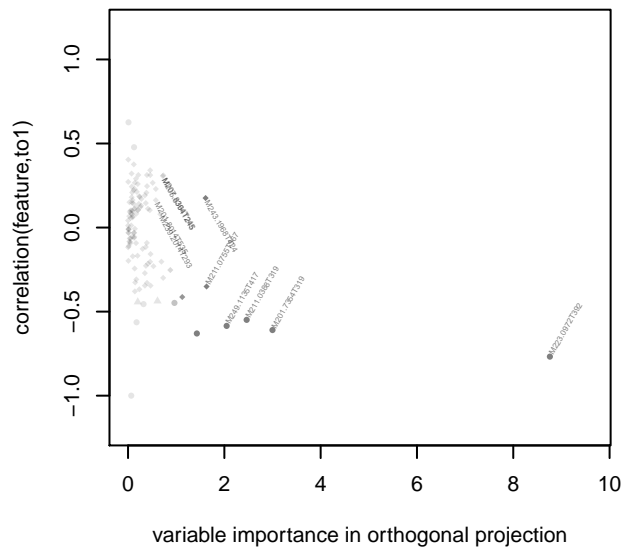

Features influencing orthogonal projection for k1 versus k3

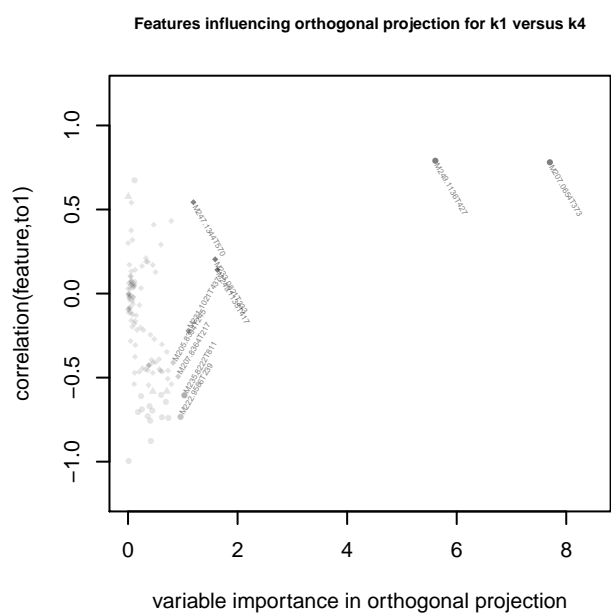

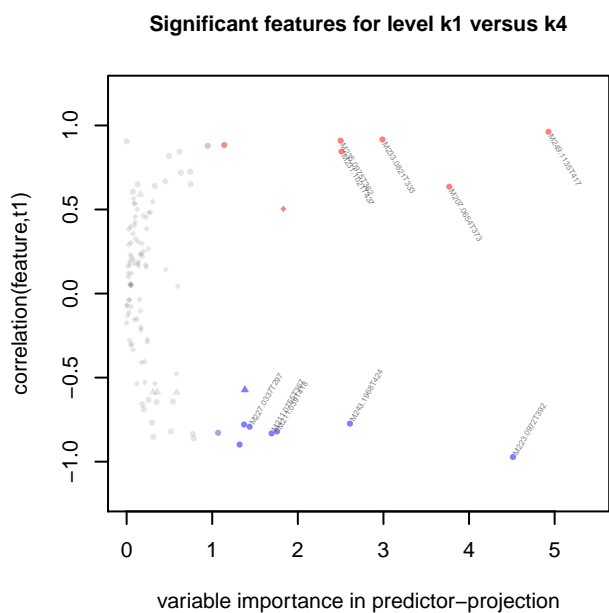

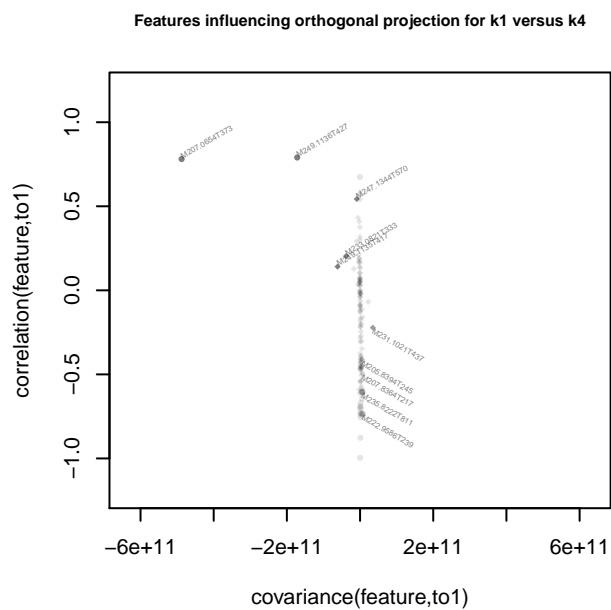

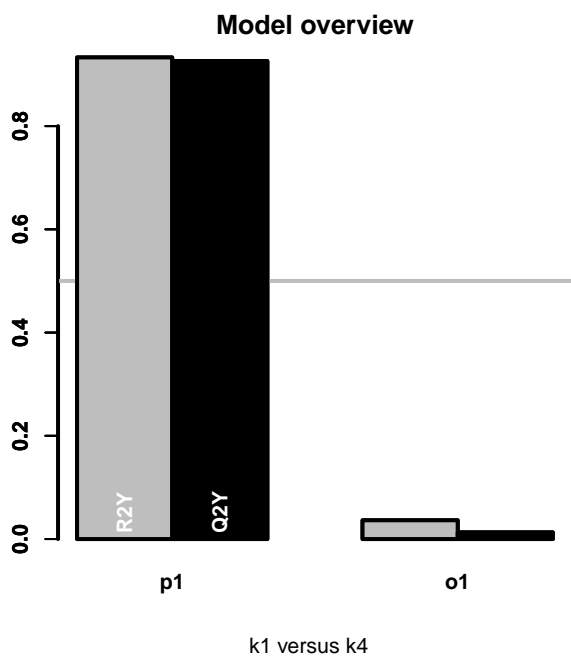

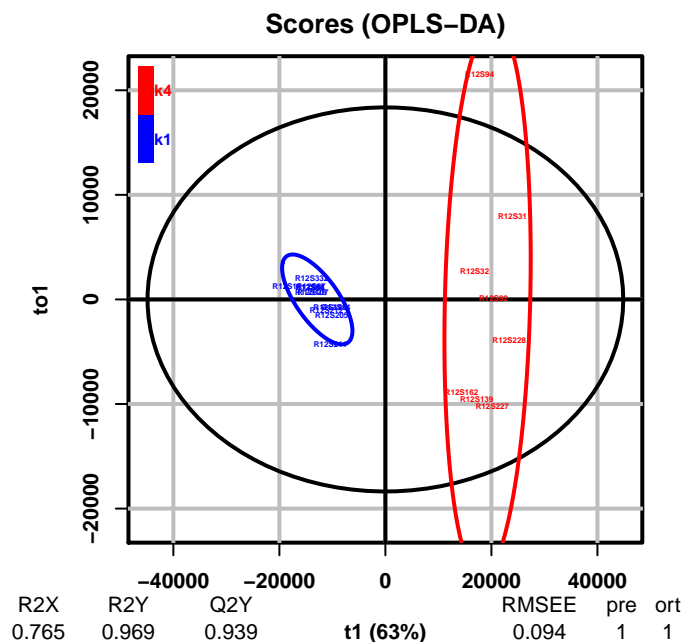

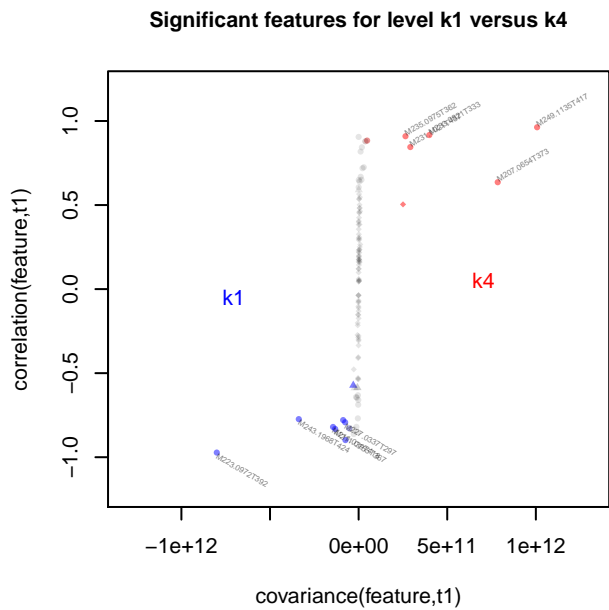

Significant features for level k1 versus k3

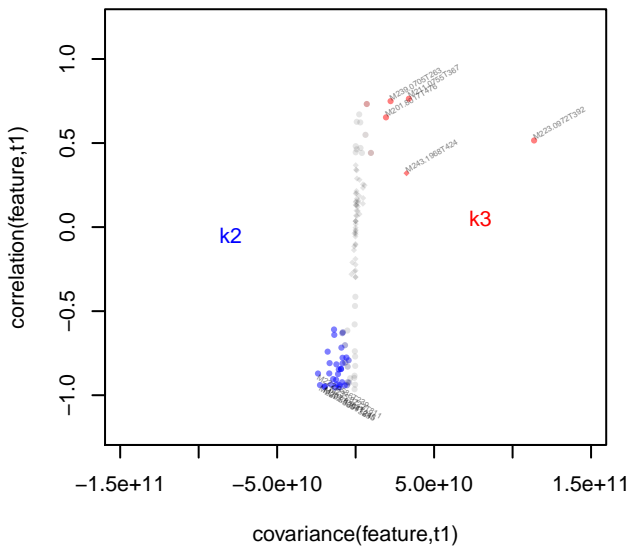

Features influencing orthogonal projection for k1 versus k3

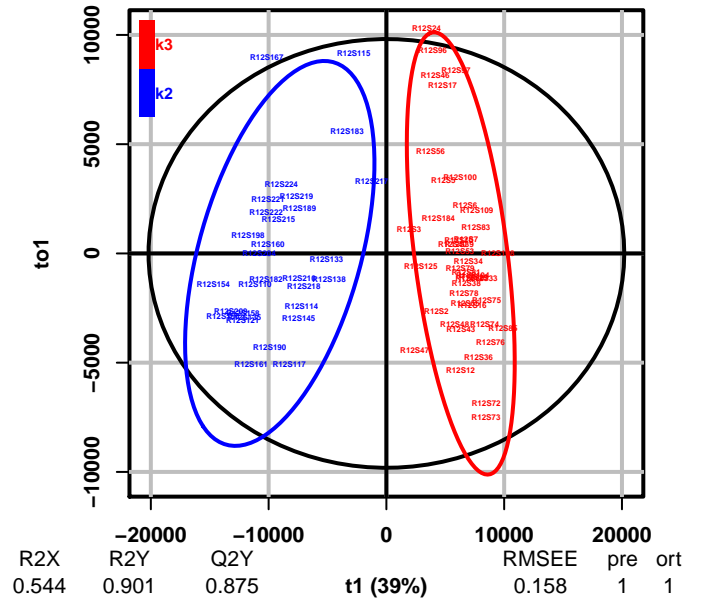

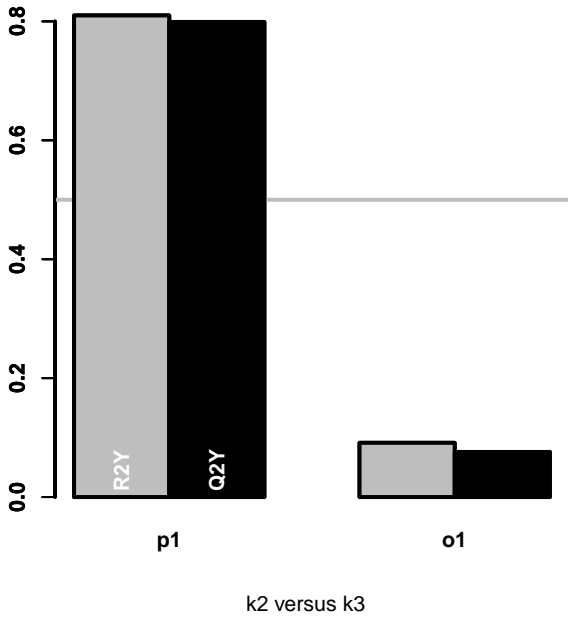

Significant features for level k2 versus k3

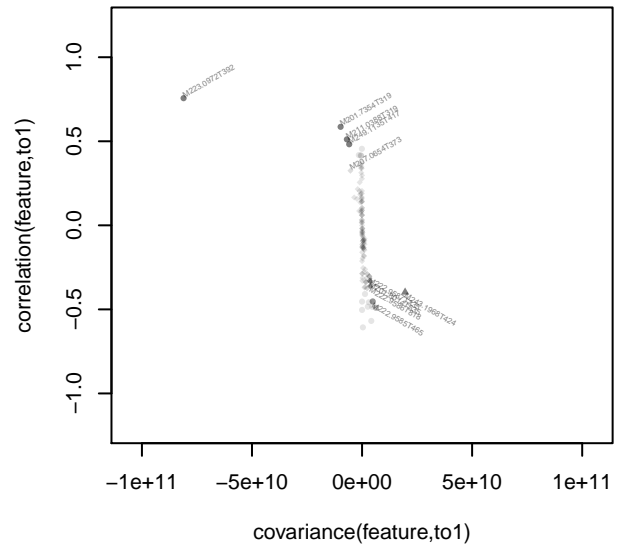

Scores (OPLS-DA)

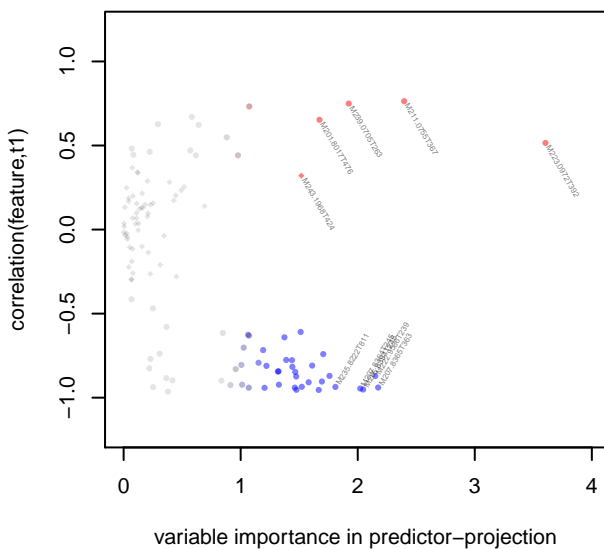

Model overview

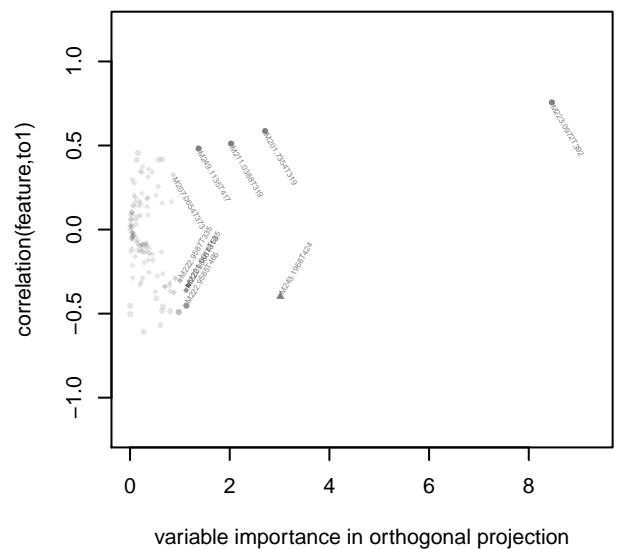

Features influencing orthogonal projection for k2 versus k3

Significant features for level k2 versus k3

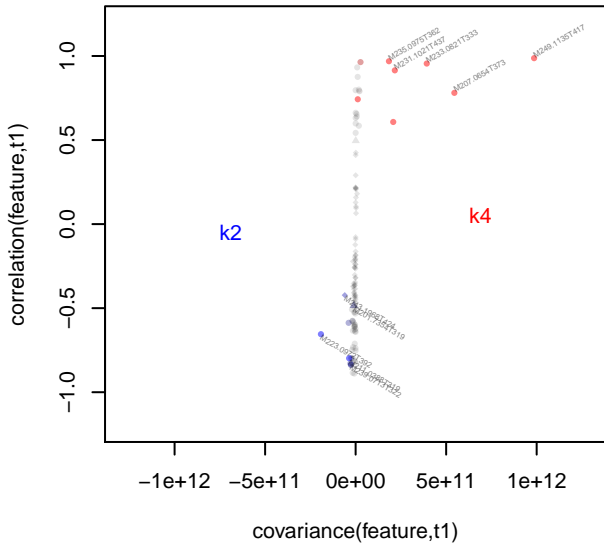

Features influencing orthogonal projection for k2 versus k3

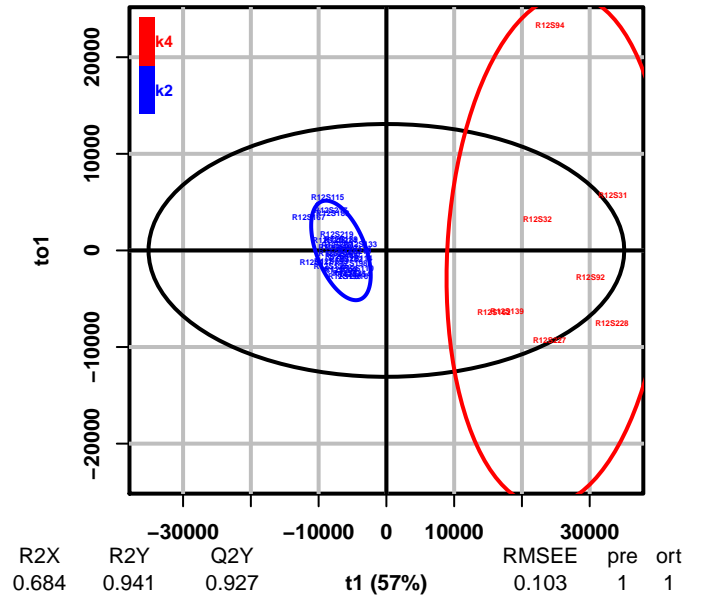

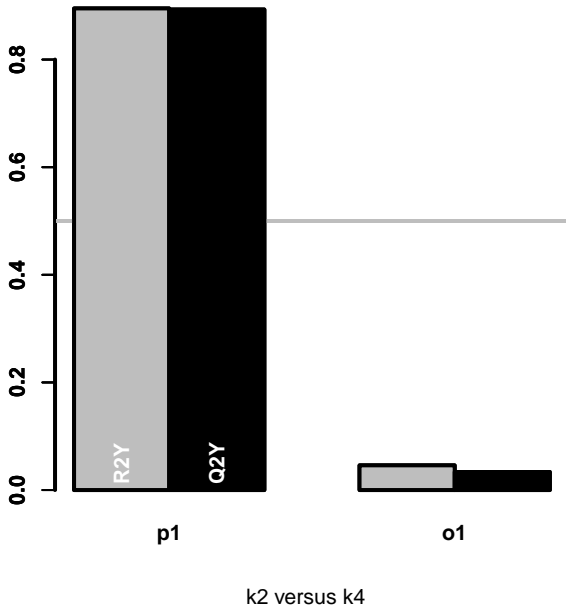

Significant features for level k2 versus k4

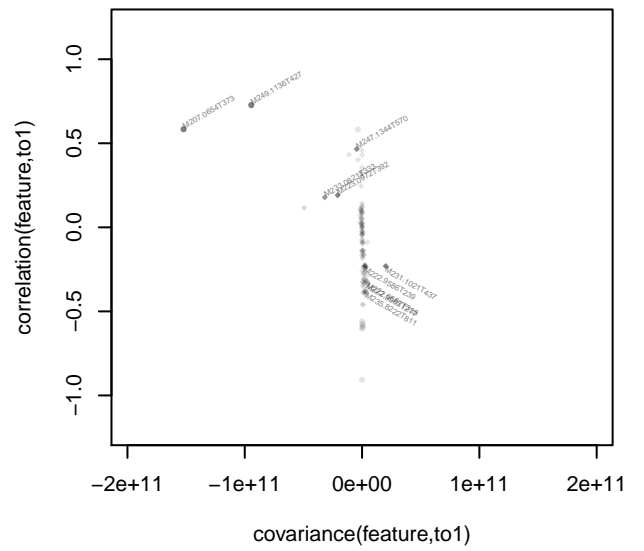

Scores (OPLS-DA)

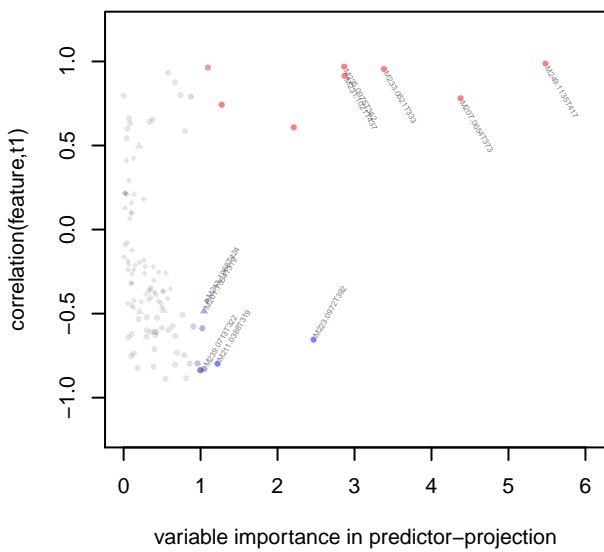

Model overview

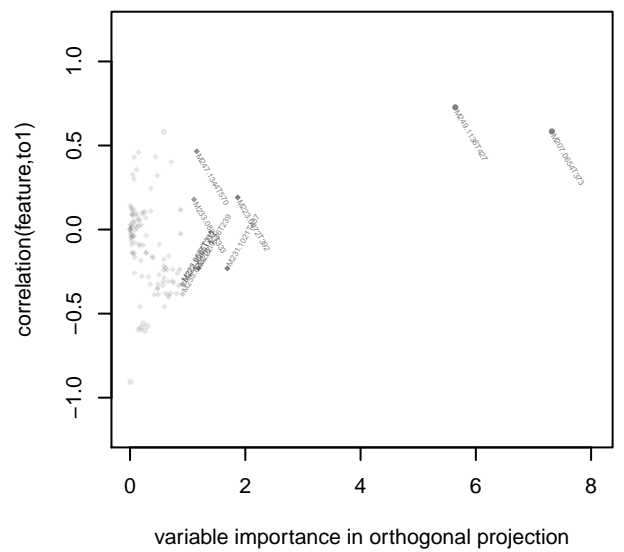

Features influencing orthogonal projection for k2 versus k4

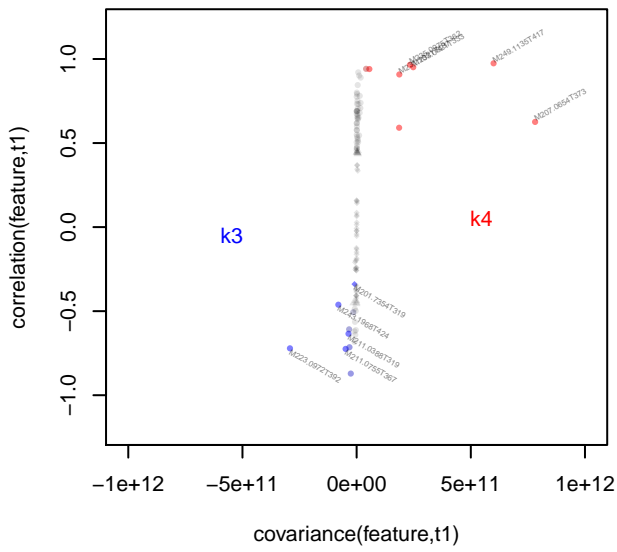

Significant features for level k2 versus k4

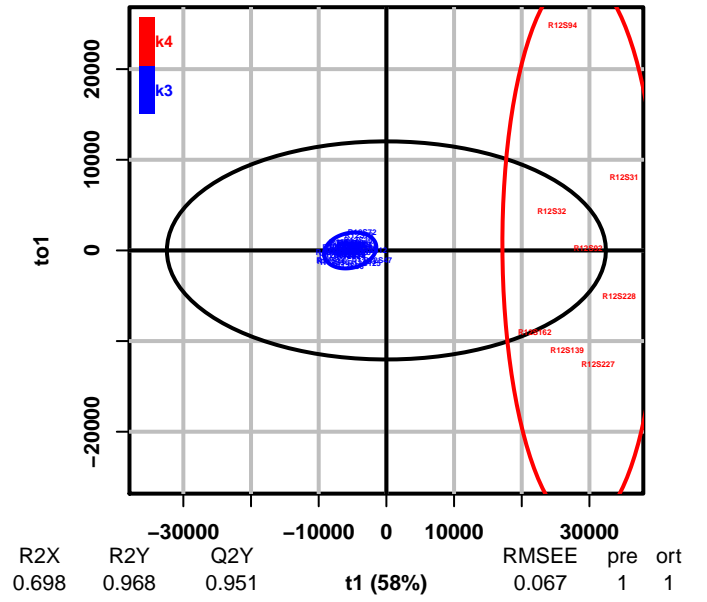

Features influencing orthogonal projection for k2 versus k4

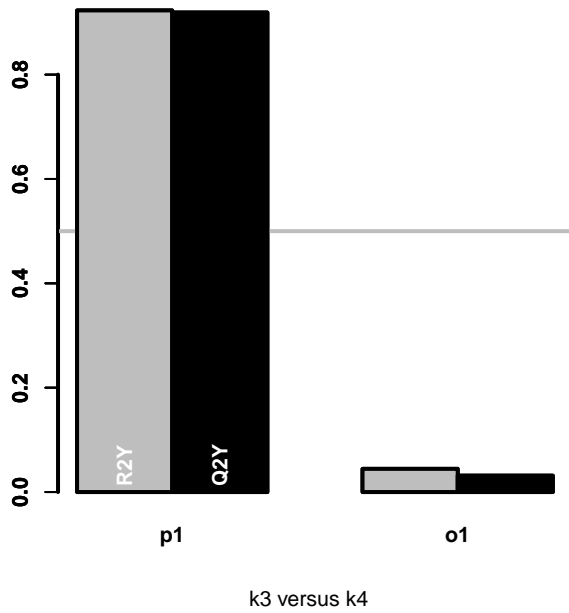

Significant features for level k3 versus k4

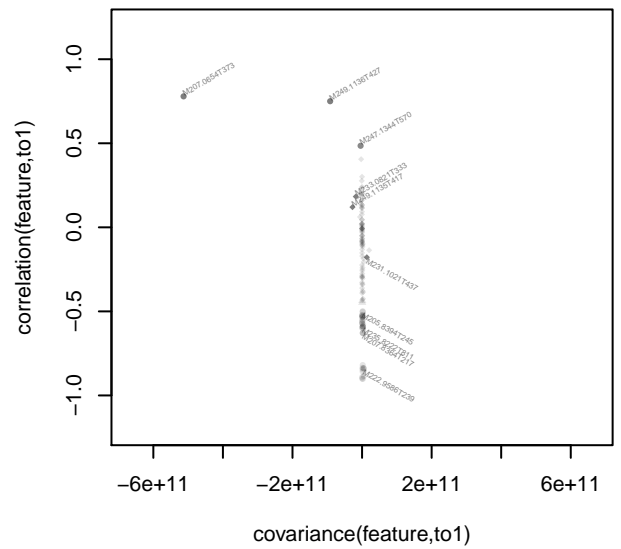

Scores (OPLS-DA)

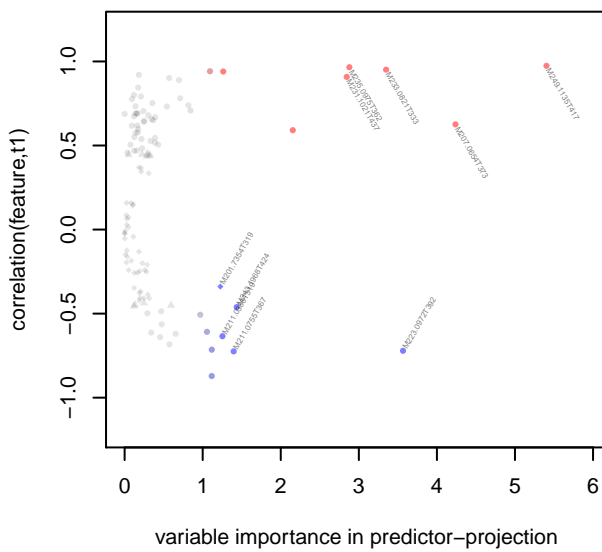

Model overview

Features influencing orthogonal projection for k3 versus k4

Significant features for level k3 versus k4

Features influencing orthogonal projection for k3 versus k4
